### **Paramus Golf Course On Par with New LED Programmable Display**

**Paramus, NJ-** The Paramus Golf Club, located in the heart of Northern New Jersey, has upgraded their public image by installing a new programmable display designed and produced by [Millennium Visual Systems](#). The new display speaks to avid golfers, club members, loyal attendees of the Club's own 19<sup>th</sup> hole, The Carriage Clubhouse and Grill, as well as the community at large.

In addition to messages about Club events, the programmable display, which replaced a stagnant billboard, will be used for various borough-wide messages. Gary Pucci, the Golf Club Director, was proud to discuss how the sign is being used to announce various Borough activities such as Community Health Day and a Paramus Police Department program. The display has brought much attention to the golf course for supporting the entire Paramus Community.

[Millennium Visual Systems](#)' electronic displays are bright, durable, energy-efficient, have a long life expectancy and are extremely versatile. Gary Pucci stated that they are "very happy" with their new sign and [Millennium Visual Systems](#)' support.

[Millennium Visual Systems](#), headquartered in Woodcliff Lake, NJ with Business Operations in Chestnut Ridge, NY, designs, produces, sells, and services electronic signs and programmable displays that are widely used in municipalities, restaurants, convenience stores, retail businesses, schools, hospitals, offices, factories and government facilities.
